

Bee City USA - Wilsonville

Report on 2020

Pollinator Habitat Creation & Enhancement

Due to COVID-19, there were limited opportunities for events.

Education & Outreach

Due to COVID-19, most of the pollinator conservation events were cancelled. On November 7, 2020, the City offered a wildlife and pollinator garden workshop. Attendance was limited due to COVID-19 restrictions.

Policies & Practices

The City's first IPM annual report was released last year. It highlighted the City's efforts to emphasize cultural/mechanical controls over the use of pesticides (<https://www.ci.wilsonville.or.us/natural/page/integrated-pest-management>).
